Installing management systems

These servers are for middle or litte enterprises.

Some management softwares can be installed or created :

- ▶ SUGAR CRM ou V TIGER are you Customer Relationships Management
- ▶ LAURUX, OPEN SI are you Finance Management
- ▶ OPEN OFFICE ou LOTUS SYMPHONY are some office softwares
- ▶ MOZILLA THUNDERBIRD is your mail client

Creating your own software

It is possible to create you Management Software with [VRAD](#) using [Agile Quality Management](#), existing or old software.

Installation

These softwares can be installed in your own enterprise. Some of them can be on my personal server.
